[Home](#) > How do I find out if someone has filed for bankruptcy?

---

**Answer:**

[PACER](#) has a national index search tool called the [U.S. Party/Case Index](#). With a valid PACER account, you may search the entire country for a specific debtor. The results will give you the party name, case number and jurisdiction in which the case was filed. The report will allow access to a case's docket.

**FAQ Catagory:**

General Bankruptcy
